## Educational Tours

Educational Tours.....Fees as announced

Northeastern State University sponsors educational tours which are conducted under university direction. The costs and schedules for each tour are announced in advance. Credit may be established on either the undergraduate or graduate level with academic fees being determined by the amount and type of credit established.

## Assistance from Other Sources

Other state and federal financial assistance are available to qualified students including Vocational Rehabilitation, Veterans' benefits, and assistance from the Department of Human Services. Students are encouraged to contact the appropriate government office in their community for more information about these programs.

## Tuition and Fee Payment

All fees are due by the first day of classes. For students who will be receiving financial aid, it will be applied to accounts at the end of the first week of classes. If accounts are not paid in full by this time, a late fee will be applied.

## Refunds

A student who drops individual classes or withdraws completely from the university prior to the first day of classes for the semester will receive a 100% refund of tuition and fees.

A student who drops individual classes or totally withdraws during the first two weeks of the fall/spring semester or during the first week of the regular summer semester will receive a 100% refund of tuition and fees. The period of time to drop short-term classes will be pro-rated based on the length of the class.

## Refund Policy for Financial Aid Recipients Who Withdraw

Any student receiving federal financial assistance who completely withdraws from all classes at NSU will be subject to the Return of Title IV Funds refund policy required by federal regulation.

This policy applies to students receiving assistance through the Pell Grant, Supplemental Education Opportunity Grant, Perkins Loan, Subsidized Stafford Loan, Unsubsidized Stafford Loan, and Parent Loans for Undergraduate Students Programs.

This policy assumes a student “earns” his or her financial aid based on the period of time the student remains enrolled through the semester. Upon withdrawal, Student Financial Services will determine the date of the student’s withdrawal on record in the Office of Admissions and will calculate the amount of financial assistance the student “earned” while enrolled in classes according to the following formula: number of days enrolled divided by total number of days in the semester.

If the amount of federal aid disbursed exceeds the amount of federal aid earned as of the date of withdrawal, either the university, the student, or both are required to return some portion of the federal aid received. Late disbursements for which the student is eligible are required to be included.

Students who remain enrolled beyond the 60% of the semester are considered to have earned 100% of the financial aid received. Students who are enrolled for less than 60% of the semester will likely be responsible for repaying a portion of the financial aid received.

Student Financial Services will calculate the amount of any refund due according to the Return of Title IV Funds Formula outlined in federal regulation. Examples of this refund formula are available in Student Financial Services. Any refund amount calculated from this formula will be returned to the appropriate federal financial aid programs. Refunds for financial aid recipients are never given directly to the student. Calculated refund amounts are returned to the federal financial aid programs in the following order: Unsubsidized Stafford Loan, Subsidized Stafford Loan, Perkins Loan, PLUS Loan, Federal Pell Grant, SEOG Grant, other federal financial aid programs.

Under this policy, the date of withdrawal is the date the student began the withdrawal process by contacting the NSU Office of Admissions either in person or by phone to complete a Notice of Withdrawal form. If a student leaves NSU without contacting the Office of Admissions to formally withdraw, the withdrawal date will be designated as the midpoint of the semester or the last date of attendance at a documented academically related activity. For students who fail to return from an approved leave of absence, the withdrawal date will be designated as the date the leave of absence began.

## STUDENT FINANCIAL AID

NSU’s financial aid program is designed to recognize outstanding achievement and leadership potential and to assist those who otherwise would be unable to attend the University. NSU has its own scholarship and work programs and also participates in all traditional types of financial assistance available through the state and the federal government.

Students at NSU receive funds from a variety of sources to pay for their education, including scholarships, grants, part-time jobs and educational loans. This money comes from federal and state agencies, private donors and lending institutions.

We believe that the student and the family should make an investment in the student's education. We are committed to working with families to make an NSU education affordable.

Most federal and state educational assistance is based on financial need as determined by the information you provide on the FAFSA. Financial need is the difference between the cost of attending NSU and the Estimated Family Contribution (EFC) calculated using formulas prescribed by federal regulation.

## Financial Aid Application Process

1. Apply for admission to NSU.
2. Complete the Free Application for Federal Student Aid (FAFSA) as soon as possible after January 1st each year. The most efficient method for students to apply for financial aid is to complete the FAFSA online at [www.fafsa.ed.gov](http://www.fafsa.ed.gov). Paper FAFSA forms can also be processed by submitting a signed paper FAFSA to: Federal Student Aid Programs, P.O. Box 4691, Mt. Vernon, IL 62864-0059.
3. Respond promptly to any correspondence requesting additional information.
4. Financial aid applicants will be notified of their financial aid eligibility through a Financial Aid Award Notification mailed to the student's home address.
5. Schedule an appointment with an NSU financial aid counselor to discuss financing options and to understand the fee payment procedures at NSU.

## Financial Aid Satisfactory Academic Progress Policy

Students receiving assistance through the Federal Pell Grant, Federal SEOG, Federal Work Study, Oklahoma Tuition Aid Grant (OTAG), Federal Subsidized Stafford Loan, Federal Unsubsidized Stafford Loan and Federal Parent PLUS Loan programs are required to meet two separate requirements in maintaining Satisfactory Academic Progress at NSU. First, students are required to maintain a minimum cumulative grade point average. Second, students are required to complete (pass) at least 66% of the credit hours attempted each academic year. These two requirements are summarized in the following chart. Failure to meet both of these minimum academic standards will result in the loss of financial aid eligibility.

	Undergraduate Students		Graduate Students
Total hours attempted from all institutions	1-30 credit hours	31 hrs or more	All
Minimum Cumulative GPA	1.70	2.00	3.00
Percentage of attempted hours which must be completed each academic year	66%	66%	66%

Transfer students admitted on financial aid probation are eligible to receive financial assistance their first semester of attendance. Continuation of financial aid eligibility beyond the first semester of attendance will be approved only if the requirements shown above are met.

## Treatment of Grades for Financial Aid Purposes

4. All classes attempted at all institutions are used in satisfactory academic progress calculations.
5. Passing grades received in zero level remedial classes count as hours attempted for financial aid purposes.

## Financial Aid Suspension Appeals

2. Financial Aid Suspension Appeal forms are available in Student Financial Services.
